American Cancer Society - Making Strides Against Breast Cancer - Sunday, October 20.

"Whoever saves a life of Israel, it is considered as if he saved an entire world." On Sunday, October 20, I will be walking to raise awareness and money for the ACS - Making Strides Against Breast Cancer, at Jones Beach. Ten years ago, I received the terrifying news that I have breast cancer. Stage 3-B. Advanced and very aggressive.

I don't have to tell you the story, because many of you lived through it with me. The support, help, dedication and love that this community showed me was outstanding and I will never forget it. The khessed went above and beyond and I am eternally grateful to this community. However, the fight continues and, as I still continue to see all my doctors twice a year, I want to help and give back.

Please support the walk and help me create a world with hope and health and without cancer. Below is the link to my page on the ACS website. Please donate to this important cause. I thank you in advance. Best wishes for a happy, healthy and sweet New Year.
